Want to know more about Copy Paper A ream of copy paper is a large package of paper that usually contains 500 sheets per pack. Reams of copy paper are made for multipurpose, everyday use and work with both laser and inkjet office printers, scanners and fax machines. Consider shopping for reams of paper to use in these devices for your office purposes, or simply keep it stocked around the house for art projects, crafts or a long day of keeping the kids entertained with crayons and markers. Why Should You Shop for Reams of Copy Paper? Anyone who uses copy and multipurpose paper can benefit from large reams of paper, including teachers, students, office workers, entrepreneurs and more. Use reams of copy paper for craft projects, business reports, school work, notes and other projects. Buying a bulk paper ream or multiple copy paper reams at a time means you'll never run out of printer paper when you need it most, and many offices or industries can't afford to be left without them. You can shop for a variety of paper reams that are made to be jam-resistant and deliver high-quality prints every time. At Quill, you can find copy paper reams that are ultra-bright so your deliverables draw attention, or shop for acid-free copy paper reams to avoid yellowing in the sunlight. What Options Are Available for Paper Reams? Before shopping for reams of paper, consider how you will be using them. Copy paper reams print consistently, so you can perform tasks without worry of printer jams or accidents. If you're looking for supplies for an upcoming project, consider buying reams of paper in different colors like pastels and brights. For special projects, shop cardstock paper, which is more durable and provides an elevated look to your presentations. Carbonless options are great if you're looking to make carbonless copies with quality paper. Some of the most popular brands that offer paper reams include the Quill brand, Alliance, Astrobrights, Hammerhill, Jam Paper and more. What Weights Are Available for Copy Paper Reams? Bulk copy paper ream shoppers can find a range of ream weights available at Quill. For smaller offices, shop for a ream of paper weighing 20 pounds. For the largest printing projects, you can shop for weights up to 120 pounds, so you never run out.
