Look at the cake on the television and make a batch of cakes. Use a Token Á «Sneak Peek» to take a look at the entire board. Each game focuses on developing the coordination, memory and deduction skills of the player. In addition, Purple Place guarantees a lot of fun and feels refreshing despite the game options and basic graphics. These whimsical games help teach children's memory, recognition of patterns and reasoning skills. Each package game works independently of another. You can select the level of difficulty you want to play at the beginning of the game. The download of the game includes an option Á «Sneak Peek», which shows the remaining cards.What is Comby Cakes? Comfy Cakes is the second title of the Purple Place package. Although the graphics could be improved, the games are educational and fun. With each quadré, more images are shown, making each more difficult round. Put the filling in a cake layer. With charming Á «cutesy» and cartoon characters, the game keeps you involved in a fun world. How to change game options: Á eÁ e You can adjust sounds, tips, difficulty level and other settings. Á e Double-click Purple Place. He works quickly because the papers on the cake will continue to arrive. The goal is to select an assortment of colors, find out the correct color and combine it with a specific characteristic in the least number of movements. The game begins with only three colors, which continue to increase as you advance. Á e Select a difficulty level: beginner, intermediate or advanced. Difficulty levels: Á e Beginner: Flat recipes, a cake at a time. To do this, reveal two cards with the same image in a single shift. You can mount the cake with different flavors, shapes, icing, sizes and decorations.
